

FATH ABDURACHMAN ROBBANI

PROFIL

A self-motivated and responsible Information Systems student at Universitas Gunadarma with a solid leadership background as a former OSIS President. Passionate about technology and continuously exploring UI/UX design, web development, and practical programming through real projects. Currently developing a personal website while expanding knowledge in database systems and software design. Eager to contribute as an Assistant at VM LePKom by supporting learning activities, working collaboratively in lab environments, and growing both technical and interpersonal skills.

EXPERIENCE

ACCELERATED PROGRAMMING CLASS 2019-2020

HTML, CSS, JavaScript, Angular, ReactJS, Arduino

- Familiar with the fundamentals of **HTML**, **CSS**, and **JavaScript** for building responsive web interfaces.
- Designed the UI/UX and developed the front-end interface of the **Quadrant Qiroah** application using ReactJS.
- Developed a student savings management system for Quadrant Boarding School to help manage daily allowances.
- Contributed to the development of a **Smart Motorcycle** (fingerprint-based motorcycle ignition system) using Arduino.
- Planned, initiated, and developed an IoT-based **Automatic Fan System** using Arduino and Telegram BotFather. This project was created as the final exam for an Accelerated IoT Class, aiming to demonstrate real-time remote control and automation through sensor integration.

DKV CLASS, AND OSIS 2020-2024

OSIS President, Adobe Illustrator, Photoshop, Figma

- Led the student council organization and managed over 10 internal divisions.
- Organized school-wide events, coordinated with teachers and external partners.
- Developed leadership, communication, and strategic decision-making skills.
- Completed a one-semester accelerated program in Visual Communication Design (DKV), focusing on layouting, typography, color theory, and logo design.
